

## SONGS

***The Pirates Who Don't Do Anything—A VeggieTales Movie*** was inspired by a VeggieTales Silly Song written by Mike Nawrocki (covered by the rock band Reliant K in 2002). Now ***The Pirates Who Don't Do Anything – A VeggieTales Movie*** introduces five *more* songs:

- ***Spanish Gold***—is a rousing tribute to what a pirate jig might sound like in a dinner theater. Listen for some of PHIL VISCHER'S all-time favorite silly lyrics: "For king and country now we fight / our shirts are loose our pants are tight! / It's Spanish Gold for all tonight!"
- ***Yo Ho Hero***, the movie's montage song, was written by producer/songwriter STEVE TAYLOR (Movie: *Second Chances*; Song: *I Want to be a Clone*; Record Label: *Squint*) and performed by the rock group NEWSBOYS (albums *Take Me To Your Leader*, *Step Up To The Microphone*, *Go*). This Caribbean-beat sequence showing George's transformation from loveable loser to Princess Eloise's hero.
- ***Rock Monster*** is the end-of-the-movie rock video bonus ("So, everybody! Stay in your seats!") in which MIKE NAWROCKI (*Where is My Hairbrush?*) adds silly new lyrics to the B-52's *Rock Lobster*. The result is a *non sequiteur* beach dance number that sends audiences out smiling. ("We were on the beach/I was running from evil cheese/they were trying to eat me up/but they ran into a rock/but it wasn't a rock/it was a rock *monster!*/rock . . . rock, rock *monster!*)
- ***Jolly Joe's***—the chair-smashing, head-whacking showstopper belted out at the precariously perched pirate haunt is also by MIKE NAWROCKI. Arrrrrrguably the most robustly pirate-y song of all, this one lets you know these pirates are silly but dangerous too.
- ***What We Gonna Do?*** Is an outstanding new cut from tobyMac (album: *Portable Sounds, Momentum*), the Grammy-nominated songwriter/performer and among the most successful artists in Christian music history, sends audiences out smiling—and thinking.

- And with a cover of the song that started it all, Relient K, the quirky band with multiple-gold albums, delivers its rock rendition of ***The Pirates Who Don't Do Anything.***
