Opening:

Once again 0777 shows up on time and waits a few seconds for Agent Y to get there. Music starts, We suggest the song, “Everybody was KUNG FU Fighting.” All of a sudden, Y comes running in with a Karate uniform on. He runs up on stage and starts kicking and pretending he is the Karate Kid. He should really ham it up and go crazy! 0777 stares at him for a while and then begins to speak when the music stops.

* * * * *

0777: What do you call this?

Y: What? I am just getting ready for that Hand to Hand combat stuff the “Head” was talkin’ about.

0777: Did you spend any time reading your manual yesterday? Remember, Seeking God's will for you life?

Y: Sure, actually it was quite interesting but now I am ready for some serious action. Let's check in with the "Head" and see what's going on today.

0777: OK but I think you'll be a little surprised.

They play with their watches and on comes the "Head" video

Head: Good morning agents. I trust you have been studying your manuals and you are ready for today.

Y: Yeah, yeah, Hand to Hand combat, I'm ready, bring it on! (*0777 looks at him like he's crazy.*) You know, that manual did not mention anything about karate and Hand to Hand combat?

Head: Oh yes it did, and you will understand how when you receive today's assignment. You should be receiving your assignment soon. Tomorrow you will be trained on Equipment, so keep reading your manuals and keep seeking.

[Video ends]

0777: Start looking around. See if you can find our assignment.

Y: (*Looks around for a few seconds and then feels around on his pants or shirt*)... I think I found it. (*He begins pulling a piece of cloth out of his pocket, it turns out to be an old dirty handkerchief that he uses to wipe his nose... He sneezes and blows his nose hard into the tissue. He then notices something strange in the tissue.*) Oh that's weird, I think I found the assignment. How did it get in my nose?

0777: (*Grabs the tissue and examines it. Again, he is grossed out.*) I think we may have something here.

Y: Can you make it out?

0777: *(He reads)*...Today, your assignment, if you choose to accept it, is to work on the art of Hand to Hand combat.

Y: Yeah bring it on! *(He starts kicking and throwing punches.)*

0777: So place one hand out in front. *(Y follows all of the directions in an overly excited way.)* Then your other hand in front. Place your palms together. Pull towards you. Now bow your heads and start talking.

Y: Start what, talking to who?

0777: To God

Y: What?

0777: Get it? Hand to Hand combat. *(He places his palms together like he's praying.)*

Y: You mean to pray? I thought we were going to learn how to woop and beat up on the enemy?

0777: Well, praying for your enemy is one best ways to combat them. With God on your side you can't go wrong.

Y: I'm not sure if I am getting this Agent stuff?

0777: *(They begin to walk out.)* Come on, I'll show you how to do it, we'll start with having a quiet time in our training manuals.

They exit
