Let's get started!

the right reasons.

So... What are the **RIGHT REASONS** for getting baptized?

1. You want people to know that you have become a child of God.

- * In sports, you wear a uniform to show that you have become a member of the team. As a Christian, you get baptized to show that you have become a member of God's family.
- * If you're not sure that you've become a child of God, *The Good News in Colors* shows you how. (See pages 19-20)

2. You want to show that you are serious about living your life God's way.

- * WWJD? "What Would Jesus Do?" is a question that followers of Jesus ask a lot.
- * You want to show that you know the difference between good choices and bad choices and that you are ready to make good choices.

When these kinds of things matter to you, you can begin preparing to be baptized.

GOOD THINGS HAPPEN

★ when you get

Baptized

You will likely experience these things after being baptized:

You will honor God because you are letting him work in your life.

You will encourage your family, friends & other people because you are serious about following Jesus.

Your faith will grow stronger because you have taken a stand for God in front of people.

You will receive more of God's blessings because you have been obedient.

No wonder it's so important to God that you get baptized!
